Promoting Electronic System Design and Manufacturing (ESDM) in India

Expression of Interest call to select a Financial Institution for Third Party Appraisal of proposals received under Modified Special Incentive Package Scheme (M-SIPS)

The demand for electronics hardware in the country is projected to increase from USD 45 billion in 2009 to USD 400 billion by 2020. This provides a huge opportunity for India to become an Electronics System Design and Manufacturing (ESDM) hub to meet its domestic requirements as well as the global requirements. This is an opportunity for industrialists, domestic & foreign investors, financial institutions, private equity funds, academia & students.

To create a policy framework for creating a conducive ecosystem for promoting investment in ESDM sector in the country, besides other initiatives, Modified SIPS (M-SIPS) and Electronics Manufacturing Cluster (EMC) Schemes have also been approved by the Cabinet recently. MSIPS Scheme provides for financial incentives of upto 25% of Capex for investment in the ESDM sector, while EMC Scheme provides for support for setting up clusters for the ESDM units.

Detailed guidelines **have been** issued and DeitY plans to engage a financial Institution for third party appraisal of some of the select investment proposals received under M-SIPS and calling expression of interest from eligible bidders. For details on eligibility, objectives, instructions for EoI submission, terms & conditions, etc., prospective bidders are requested to download the detailed EoI Document for **selection of Financial Institution for Third Party Appraisal of proposals received under Modified Special Incentive Package Scheme (M-SIPS)** from www.eprocure.gov.in or from www.deity.gov.in or from www.msips.in. Last date of submission of EoI is 20-01-2014, 3.30 pm.
