- PMA shall make appropriate recommendations to the Empowered Committee (EC) for approval of the baseline.
- After receiving approval from EC, PMA shall communicate the baselines to the applicants.
Calculation of Incentive (Para 11)

Net Incremental Sales of Eligible Product x Rate of Incentive

Where

- Net Incremental Sales shall be Net Sales Turnover of Eligible Product for the period to which claim for disbursement of incentive pertains minus the Net Sales Turnover of said Eligible Product as per baseline.

- The incentive amount payable will be subject to ceilings on Net Incremental Sales Turnover on which incentive shall be applicable as determined by EC.

- The annual financial outlay will be appropriated proportionately depending on number of applicants under each target segment. At the end of the year, unappropriated incentive amount resulting from underperformance by any applicant(s), will be allocated to the remaining eligible applicants relative to their performance under the Scheme. Illustratively, if there are five (5) eligible applicants under Mobile Phones (Invoice Value of INR 15,000 and above) target segment, the year-wise incentive ceiling per applicant will be 1/5\(^{th}\) of the annual financial outlay for the said target segment.
Applicant submits the Claim for Disbursement

PMA will examine claims, verify eligibility, and assess incentive payable

Doubt w.r.t. determining eligibility and incentive

Refer to MeitY, Decision of MeitY will be final

PMA to process claims and make appropriate recommendations to EC

Approval from Empowered Committee

PMA shall disburse funds after completion of all pre-disbursal formalities, after funds are made available
